

The Shimmick logo, featuring the word "SHIMMICK" in white, bold, sans-serif capital letters. To the left of the text is a stylized blue graphic element consisting of two overlapping curved shapes, resembling a stylized 'S' or a bridge structure. The background of the entire top section is a photograph of construction workers at night, wearing hard hats and safety vests, standing near a large bridge structure under construction. A car is visible on the left side of the image.

# SHIMMICK

## SHIMMICK AT A GLANCE

### THE NEW SHIMMICK

Shimmick is a heavy civil construction firm and trusted partner, providing innovative, cost-effective solutions to meet unique operational and construction challenges. We are a market leader focusing on water, transportation, and transit projects. We also offer expertise in deep, complex foundations through our operating company, Legacy Foundations, as well as mechanical, electrical, and plumbing services; mining infrastructure; and O&M services.

From transportation and transit to water and mining infrastructure, we leverage our considerable history and extensive construction experience to provide clients with diversified construction expertise and passion. Shimmick has successfully delivered projects from coast to coast and is headquartered in Oakland, CA, with regional offices in Irvine and Suisun City, CA; Denver, CO; and Sunrise, FL.

Shimmick's ability to self-perform all elements of complex construction projects, including foundations and MEP, provides significant value to clients. We are able to control quality and schedule to deliver projects on time and within budget.

### HISTORY

With our deep-rooted culture built upon the legacies of Morrison Knudsen and Washington Group International, Shimmick offers clients a long history that includes several trusted firms. Today, Shimmick provides our clients and partners with the people, resources, and experience to carry on a tradition of excellence. We bring a diverse and geographically distributed team of more than 2,700 employees. With several significant industry firsts under our belt, Shimmick is the single-source solution to our clients' infrastructure needs.

### CORE VALUES

- ⦿ Safety
- ⦿ Achievement

# WHY SHIMMICK

**Big thinking that achieves results.** Your project deserves the most creative thinkers in the industry. At Shimmick, we think beyond the typical to provide smart, safe, customized solutions that are both innovative and practical. This creative approach can open new possibilities, lead to unexpected opportunities, and result in better outcomes for you and your project.

**Solutions for complex challenges.** No project is too complex for Shimmick. We thrive on challenging work and specialize in solving even the most perplexing construction puzzles and operational challenges. You can rely on Shimmick to overcome barriers with safe, cost-effective solutions that move your vision forward.

**People who give it their all.** When you choose Shimmick, you get more than a highly capable team. You get hard-working professionals who value their client relationships and care about a job done right. To us, your project is more than a job—it is meaningful work that makes a positive difference in people's lives. We are dedicated and proud of what we do. By pooling our diverse ideas, versatile expertise, and extensive backgrounds, we deliver high-quality projects that will make our clients proud, too.

**More value.** An experienced partner who can self-perform every part of your complex project adds immediate value. By choosing Shimmick, you are choosing a partner who can provide the people, expertise, and resources needed to safely deliver a high-quality project, while saving you time, money, and hassle.

**A partnership that puts you first.** When you work with Shimmick, you can trust that we do everything with your best interest in mind. We believe in open communication, transparency, and collaboration. Because we value your partnership and want to see you succeed, we do what's right for you.

## SHIMMICK MARKETS

**Shimmick embraces a can-do attitude.** As the trusted partner of choice for unique construction and operations challenges, we confront intricate projects with confidence, tenacity, and bold solutions. We leverage our versatility, vast experience, specialized expertise, and breadth of capabilities to self-perform all aspects of complex projects in these markets:

- ⊙ Transportation
- ⊙ Mass transit and rail
- ⊙ Water resources
- ⊙ Water/wastewater treatment
- ⊙ Foundations
- ⊙ Mechanical, electrical, and plumbing (MEP)
- ⊙ Mining infrastructure
- ⊙ Operations and management
- ⊙ Alternative delivery
- ⊙ Disaster recovery

“ This is one of those rare large public works construction projects where everything came together, and the result was about as close to perfection as a public works agency could dream... **We are very pleased with Shimmick and the trust that quickly developed** between the County and them during the construction.

– James Volz, Project Manager,  
Orange County Public Works
